Fourteen New Cases and Six Deaths, In cluding One Death Outside the City Limits, Reported to the Board of Health Yesterday-No Epidemic Declared.

Fever-Breeding City - Yellow-Feve Notes-Report of the Howard Association-The Names and Number of Sick Cared For and Nursed by the Howards.

The outlook yesterday was somewhat cheer ng, there being a falling off of three new cases from the report of the previous day The weekly mortuary report shows twenty-five deaths from yellow-fever, against thirtyour deaths from the same cause on the pre eding week. It would seem that the poison has been modified by climatic influences and meterological conditions, and so far as an epidemic is concerned, it is physically impossible that the fever can assume anything approaching the proportions of the epidemic last year, owing to the paucity of material. Below will be found the lists of new cases and deaths reported yesterday.

NO EPIDRMIC DECLARED. The board of health refused to declare an a estill in the city, at their posts. Will be epidemic last evening under the rule which it announced last week, as to the number MR. BROOKS WILSON, telegraph operator of deaths from yellow-fever exceeding deaths issippi and from all other causes during the week. The yellow-fever, on Main street, near Pontotoo, on Friday last, some days before he was taken sick made an effort to get to his home facts were telegraphed to the National board Mississippi, but the shot-gun quarantine of health at Washington City, which board our country cousins drove him back to answered that there was no rule as to declar-Memphis, when he took the fever and died. ing epidemics and not to declare on the fig-Mr. Wilson was an intelligent young man, ures furnished. From this it may be confi-possessing many good qualities, both of the A FEVER-BREEDING CITY.

The death of Miss Dora Athy by yellowfever was a heavy blow to her aiready allucted father, Captain P. R. Athy. She was his only danghter, and his affections octobered around her as the light of his household. A young lady of rare personal attractions, pleasing manners, mental ability, and many accomplishments, to be thus taken away in the bloom of maidenbood, is sad indeed. She had been educated with great care, and was ready to become an ornament to society but the ways of Providence are inscrutable, and those we love beet are too often the first to be taken from us by cruel Fate. She is dead, flower we love beet are too often the first to be taken from us by cruel Fate. She is dead, locally but the ways of Providence are inscrutable, and those we love beet are too often the first to be taken from us by cruel Fate. She is dead, locally but the ways of Providence are inscrutable, and the entire to one of gentle mould, like thee.

Associated with the evil by the been considered the expension of the providence are like the providence are inscrutable, and the evil by the providence of the providence are inscrutable, and the evil by the evil b

A very important work of the National

board of health is that relating to the yellow-fever-breeding port of Havana. There lies

the greatest danger to this country from the

The yellow-fever cases at New York have been introduced from vessels from Havana. The scourge is usually brought to New Orleans from the same point, yet year after year the Havana authorities have been utterly neglectful of the application of remedial agents. As long as Havana and its harbor are in the condition described it will be the breeding-place of yellow-fever, and ever threatening our own ports. The suggestions

MORTUARY REPORT

terday of yellow-fever at Whitehaven, eight miles south of the city. The Knights of Honor attended her and supplied her with Of the Board of Health for the Week Ending August 2d-Deaths by Yel-L. Roberts, street-car driver, having sus-picious symptoms yesterday morning, was sent out to the hospital from the street-car stables, on Vance street. Dr. Laurence, hoslow-Fever and from Other Causes - Meteorological Report for the Week. pital physician, pronounces the case not yel-low-fever at present.

The Nashville Banner, of the thirtieth

allimo, states that "Mr. and Mrs. Hightower

arrived in this city to-day from Memphis, and called at the office of Mayor Kercheval. They stated that they left the Bluff City in a penniless condition, and wished to procure

passes to Jefferson county, East Tennesses where their relatives reside."

The Scottsboro (Ala.) Citizen, of the first

of everybody for issuing such a proclamation.

A malignant type of malarial fever, says the New York *Herald*, has developed in one

of the Hudson river towns. The citizens

may console themselves by thinking it is not yellow-fever, but if it kills there is some doubt as to the exact value of the consola-

tion. Peculiar and dangerous fevers of local

origin are not uncommon in the United

States. Let citizens guard against home

enemies instead of turning suspicious eyes

Trustee's Sale.

DY virtue of a deed of trust made to me, as trusbee, on the 30th day of September, 1871, by
D. B. Molloy and Ellen P. Molloy, and recorded in
book No. 82, page 207, in the office of the Register
of Shelby county, 7 cnn., to secure the debt therein
named, I will sell, to the highest bidder, at public
sale, for cash, at the southwest corner of Main and
Monroe streets, in Memphis or the Taxing-district
in Shelby county, Tenn., on

Tuesday, August 12, 1879,

Tuesday, August 12, 1879, at 12 o'clock m, or within fifteen minutes thereaf ter, the iollowing described real estate, being in Memphis, Shelby county, Tenn., cistinguished in said deed of trust as a "lot or parcel of land. with improvements, situate lying and being in the city of Memphis, county and State aforesaid, part of block No. 67, in original country lot No. 483, on the south side of Union street, beginning at a point about 240 feet east from the junction of Union and Second streets; thence west with the south side of Union street 89 feet, more or less; thence south 200 feet to an aliey; thence east with said alley about 39 feet; thence north 200 feet to the beginning, the beginning point in this description and the east boundary of said tot will extend to and include the middle of the division wall of the double-tenement brick residences conveyed by Joseph R. Williams to said D. B. Molloy and C. W. Fackler, respectively, said lot and premises being the same conveyed by said Williams to said D B. Molloy by deed dated November 15, 1860, and recorded in the Begister's office of Shelby county, in book 47, page 28." The title to said property is believed to be good, but I convey only as trustee.

se machines are made of the best materials

These machines are made of the best materials, and the workmanship and finish are unexcelled. Has been awarded premiums at all the State Fairs, Georgia, Alabama, Texas, etc., etc.

Price List of Gins, Feeders and Condensers.

Payable during the Cotton Season.

From 1843 to 1858 we manufactured Gins at Col

From 1843 to 1858 we manufactured Gins at Colmibus, Georgia, under the firm name of E. T. TaxLon & Co., afterwards Clemons, Brown & Co.,
and made what was then known as the Taylor Gin.
During the year 1858 we removed to this piace,
where we have been exclusively engaged in manufacturing Gins ever since. With long experience,
the best labor saving machinery, and skilled workmen, we possess advantages not enjoyed by any
ther manufacturer in our line for producing the
EST work for the LEAST Loney.

on M. and P. R. R., and until river and rail communication with Memphis is again restored, will conduct business at that point. Later on, should the wants of our customers require it, a branch office will be established at Louisville or eisewhere. Our friends and customers will pi as address us at Memphis, as heretofore.

Cathartic Pills

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases, caused by derangement of the stomach, liver, and bowels, which require prompt and effectual treatment. Aven's Pills are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel, or any injurious properties, and can be administered to children with perfect safety. Aver's Pills are an effectual cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Numbness, Billiousness, Jaundice, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colic, Gripes, Diarrhœa, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered other diseases resulting from a disordere

state of the digestive apparatus. As a Dinner Pill they have no equal. While gentle in their action, these PILLS are the most thorough and searching cathar-tic that can be employed, and never give pain unless the bowels are inflamed, and then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.
